Career Objective

Computer Science graduate (B.Tech, 2026) with skills in Python, Django, React.js, REST APIs and MySQL, and hands-on project experience in AI-based resume screening using NLP. Seeking an entry-level position where I can apply my technical skills, contribute to organizational success, and continue to grow professionally.

Technical Skills

Programming Languages: Python, JavaScript

Front-End: HTML, CSS, JavaScript, React.js

Back-End: Django, REST APIs, Streamlit

Database: MySQL

Core Concepts: Data Structures and Algorithms (DSA)

Soft Skills: Communication, Team Collaboration, Problem Solving, Time Management, Adaptability, Quick Learning

Projects

Intelligent Recruitment & Talent Matching Platform Using Artificial Intelligence

Tech Stack: Python, Streamlit, NLP, TF-IDF

- Developed an AI-powered platform that automates resume screening and ranks candidates by how well they match a job description, reducing manual screening effort.
- Extracted text from uploaded resumes and cleaned it using NLP preprocessing: tokenization, lemmatization and stopword removal.
- Applied TF-IDF to convert resume text into numerical features and measure the relevance of each resume to the job requirements.
- Generated a match score for every candidate and ranked them so recruiters can quickly identify the best-fit profiles.
- Built an interactive Streamlit dashboard for resume upload, evaluation, and candidate shortlisting.

Internships

Python Full Stack Intern - Tap Academy — 28 Jul 2026 - Jan 2027

- Working on full stack web development using Python and Django for back-end logic and HTML, CSS, JavaScript and React.js for the front end.
- Designing and querying MySQL databases and building REST APIs to connect the front end with the back end.
- Building and testing application features across the full development cycle, from requirements to deployment.
- Following SDLC practices and collaborating with mentors and team members to debug issues and improve code quality.

Education

B.Tech in Computer Science and Engineering CGPA - 7.25 — 2022 - 2026

Audisankara Institute of Technology, Gudur

Intermediate (MPC) CGPA - 7.16 — 2020 - 2022

BSR Junior College, Tirupati

SSC CGPA - 8.20 — 2020

Municipal Corporation High School, Kadapa

Certifications

- **Artificial Intelligence Fundamentals** - IBM
- **Basics of Python** - Infosys Springboard
